NSC structure includes: Development Department, the Analytical Center and units of service support. The subsidiaries are regional and Internet advertising sellers (Region Media, IMHO Digital Sales House, Gazprom-Media Digital).

HISTORY

NSC (LLC NSC) was formed in late 2016.

NSC and its subsidiaries are ideological and functional successors to Russia's largest ad-selling structures in the field of technology and analytics, as well as regional and Internet sales.

The predecessor companies of the NSC were the founders of the Russian advertising market in the late 1980's - early 1990's and were the drivers of its further development.

They formed the ideological and technological base of the market:

- Basic pricing principles
- Automation of the sales process
- Media advertising analytics
